

SQL Assignment 08

Q-15. Write an SQL query to fetch intersecting records of two tables.

```
(SELECT * FROM Worker)
```

```
INTERSECT
```

```
(SELECT * FROM WorkerClone);
```

Q-16. Write an SQL query to show records from one table that another table does not have.

```
SELECT * FROM Worker
```

```
MINUS
```

```
SELECT * FROM Title
```
